

The Provoked Economy: Economic Reality and the Performative Turn

Filesize: 9.06 MB

Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Camille Larson)

THE PROVOKED ECONOMY: ECONOMIC REALITY AND THE PERFORMATIVE TURN

[DOWNLOAD](#)

Routledge. Paperback. Condition: New. 160 pages. Do things such as performance indicators, valuation formulas, consumer tests, stock prices or financial contracts represent an external reality Or do they rather constitute, in a performative fashion, what they refer to The Provoked Economy tackles this question from a pragmatist angle, considering economic reality as a ceaselessly provoked reality. It takes the reader through a series of diverse empirical sites from public administrations to stock exchanges, from investment banks to marketing facilities and business schools in order to explore what can be seen from such a demanding standpoint. It demonstrates that descriptions of economic objects do actually produce economic objects and that the simulacrum of an economic act is indeed a form of realization. It also shows that provoking economic reality means facing practical tests in which what ought to be economic or not is subject to elaboration and controversy. This book opens paths for empirical investigation in the social sciences, but also for the philosophical renewal of the critique of economic reality. It will be useful for students and scholars in social theory, sociology, anthropology, philosophy and economics. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
