Excerpt: .supplied limestone used for flux in the iron smelters at Bay View. Wauwatosa township has some of the most important limestone quarries in the state and also for a long time several of the leading brick yards. However, it is rather a place of homes than a place of factories. North Milwaukee North Milwaukee is a manufacturing suburb of over 3,000 population with several plants of considerable size, including two bridge companies, a tannery, and factories for the manufacture of automobile bodies, stoves and machinery. AGRICULTURE IN MILWAUKEE COUNTY The present Milwaukee County of 241 square miles is the remnant of a much larger county which has been cut down on several occasions. Nine entire counties and parts of three others have been made from the original Milwaukee County (Fig 3). It is now one of the small counties of the state having an average width of only 10 miles, and a north-south length of 24 miles. About 75 per cent of the land of the county is devoted to farms; cities, towns, roads, etc., occupying the remaining 25 per cent. The 2,500 farms in the county are small, averaging only 47 acres each, but fully 85 per cent of the farm land is improved land. In a region surrounding a large city like Milwaukee, farming tends more and more to become intensive, and land tends to advance to high values. The demand for fresh vegetables, poultry, eggs, and fruit leads to garden farming....
