

The Most Mysterious Places on Earth (Hardback)

By Nicholas Redfern

Rosen Classroom, 2013. Hardback. Condition: New. Language: English . Brand New Book. Just what makes a locale one of the world's most mysterious places is a subject open to debate. But if Bigfoot, UFOs, and chain-rattling ghosts all appear in one particular location, time and again, along with a fantastic range of other bizarre phenomena, then this is highly suggestive that the place is truly weird and mysterious in the extreme. Readers will learn startling truths of these amazing, paranormal locations and uncanny hot spots. Included are eerie haunts scattered across the United States, Russia, Canada, and just about everywhere in between, including such infamous locales as Death Valley, the Bermuda Triangle, Loch Ness, and even the New York City subway. Also addressed are the various theories that have been posited to explain why such places have become so infinitely weird in the first place. This is a wild tour of the world and its many rich cultures and folklore that reveals the top twenty-five places on Earth that are well, incredibly weird and mysterious.
