Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Plant Healer is the only publication I ve seen in my long career that captures the wild diversity of herbalism in North America. -Paul Bergner Plant Healer is the most attractive journal I have ever had the pleasure to view. -David Winston The Plant Healer Compendium is a collection of Plant Healer Magazine s 2017 articles, 445 pages by 30 authors, selected from the year s over 1200 total pages tailored to the herbalist student and experienced practitioner. They represent over 20 columns and departments, covering everything from history and plant lore to materia medica, medicine making, and clinical skills. As this Compendium so well demonstrates, its authors are among the deepest thinking teachers, healers, conservationists, growers, and artists, and visionaries of our time. Sections on herbal traditions contribute to our evolving story, radical herbalism and diversity address issues vital to the survival of folk herbalism, and topics like constitutions, actions, cultivation, and botany, keep the project rooted in practical tools and usable techniques. Here is an opportunity to be entertained and enriched, while learning more about healing not only our bodies and spirits, but our culture and the land.
