Excerpt from Snapping Cords: Comments on the Changing Attitude of American Cities Toward the Utility Problem HE basic fact underlying any discussion of municipal utilities is the essential solidarity of the private interests which control them. Of this oneness in method and mutuality of purpose some may be legitimate and may lead to efficiency. Much of it, however, is short-sighted, non-dividend producing and anti social. Not a little of it is clearly against existing statutes. In all this planning the security voter is in supreme authority. The engineer, the scientist and the administrator all take their orders from the investment bankers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
