By London Students

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 108 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. What happens when 14-year-olds across London are encouraged by postgraduate students at Goldsmiths, University of London, to pursue creative writing outside the curriculum? This is the result of an outpouring of ideas, memories, thoughts, fears, certainties, doubts and dreams expressed in a mash-up of styles, from first-person confessional to poems, gothic fantasy to absurdist humour, rap to reportage. Beloved pets, troublesome siblings, fantasy quests and painful dislocations spill out from these pages. As the certainties of home life blur into an unknown future, stories of playground spats take place alongside abductions and brutal murders. But for every dark dream there is a celebration of friendship, tolerance, the beauty of the world and our potential for growth and change. Moving, funny, assertive, reflective, revealing and raw, this writing will take you to the heart of what matters to a generation whose voices are not often heard. This item ships from La Vergne, TN. Reviews

This is the finest publication we have read through right up until now. Better than never, though I am quite late in starting to read this one. It has been written in a remarkably easy way in fact it is only after I finished reading through this book that I was basically altered, affected the way I think.

If you need to add benefit, a must-buy book. It was written really perfectly and beneficial. You may like the way the author created this ebook.
