

Political Order and Inequality: Their Foundations and Their Consequences for Human Welfare

Filesize: 5.98 MB

Reviews

This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Dr. Janis Reilly)

Cambridge University Press. Paperback. Condition: new. BRAND NEW, Political Order and Inequality: Their Foundations and Their Consequences for Human Welfare, Carles Boix, The fundamental question of political theory, one that precedes all other questions about the nature of political life, is why there is a state at all. Is human cooperation feasible without a political authority enforcing it? Or do we need a state to live together? This problem then opens up two further questions. If a state is necessary to establish order, how does it come into place? And, when it does, what are the consequences for the political status and economic welfare of its citizens? Combining ethnographical material, historical cases, and statistical analysis, this book describes the foundations of stateless societies, why and how states emerge, and the basis of political obligation. As a result of this inquiry, it explains the economic and political roots of inequality, describes the causes of the stagnation of the preindustrial world, and explores what led to the West's prosperity of the past two centuries.
