# School Education Volume 22

By Books Group

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1903 Excerpt: .of Minneapolis to give to the pupils about once a month a list of common words to spell. The words are such as are peculiarly liable to The Regular Pentagon Again In last month s School Education it was shown that the pentagon constructed on page 18, February number, was not regular. Principal S. L. Wait of Donnelly now sends the proof given below that it is regular. For the figure refer to page 18, February number. We are to prove ABKLH a regular pentagon. ABKLH is equilateral since each side is equal to the radius AB. Draw OY perpendicular to AB at its middle point and OZ perpendicular to BK at its middle point. These lines OY and OZ will intersect at some point as O. From O draw OA and OB. OA and OB are equal, being oblique lines drawn from the same point...

Reviews

This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.
-- Dylan Schaden

Extensive information! Its this type of excellent study. I have read and i am sure that i will gonna go through yet again once more down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
