

## At the Edge of Uncertainty: 11 Discoveries Taking Science by Surprise (Hardback)

By Michael Brooks

Overlook Press, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. Brooks takes us to the extreme frontiers of what we understand about the world. He journeys from the observations that might rewrite our story of how the cosmos came to be, through the novel biology behind our will to live, and on to the physiological root of consciousness. Along the way, he examines how it's time to redress the gender imbalance in clinical trials, explores how merging humans with other species might provide a solution to the shortage of organ donors, and finds out whether the universe really is like a computer or if the flow of time is a mere illusion.
