

Movable Bridges, Vol. 1 of 2 (Classic Reprint)

By Otis Ellis Hovey

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Movable Bridges, Vol. 1 of 2 This book was written because it was believed that a practical treatise on the design of movable bridges and their machinery would be of interest and value to practicing engineers and advanced students in engineering schools. Many authors have treated the design of the superstructure of movable bridges in connection with that of fixed spans, but few have discussed the special problems peculiar to the arrangement and design of the machinery. The data formerly available in this important branch of the subject were scattered through treatises on machine design, handbooks, the technical periodicals, and the publications of engineering societies; or had been developed by the engineers of manufacturing bridge companies and closely held for their own use. One of the objects of this book is to collect and arrange the best of this material in convenient form for study and use, and to put the results of original investigations and the lessons learned from long experience before fellow-engineers, in the hope of rendering a real service to the profession....
