

Defying the Odds; On the Pursuit of Success

By Kamala Thompson

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Defying the Odds; On the Pursuit of Success, defines success through several different perspectives while showing how subjective the defining process is, explaining what being successful entails, breaking down what success looks like in high school if ultimately the high school student wants to get into an elite institution, also explaining what a successful college student exemplifies. Then, the book states what to expect in the real world, post-graduation life and how to excel and compete in this socially-construed business world as a young individual. Lastly, the book forces the reader to question the importance of singular successes in contrast with overall happiness. The book uses unconventional writing styles and tools to convey its overall message and forces the reader to actively engage in the material. This book will inspire, motivate, and guide readers to believing in and creating life goals--overall bettering the readers lives.
