Okay, brother, said Moalim, locking eyes with Montana and squaring his chair and shoulders to face him. Sometime in the next few weeks, at an exact time, thousands of strategic targets in this country will be destroyed. The destruction will cast the mighty US of A into a state of anarchy overnight. When the bombs started exploding from coast to coast - thousands of them at the same time, blowing up bridges and highways, knocking out electrical grids and bringing his country to a standstill - Matt Lovell was ready. He takes the lead in getting his reluctant and shattered girlfriend, Abby, and his computer-geek friend, Eric, out of the city before they become victims of a world gone mad Plan Alpha is about courage, strength, and a determination to endure when all seems hopeless.
