*Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.*

The historical fiction series The Wandering King is based on events described in The History by the father of history, Herodotus. People know the story of King Leonidas and the famous last stand of the 300 Spartans at the pass of Thermopylae, but many of Herodotus best stories have never gotten any press. For instance, Leonidas was one of four brothers who fought for the Spartan throne. Some historians theorize that Leonidas may have decided to sacrifice himself in the pass because if he had returned home to Sparta, he might have been put on trial for murder - the murder of his eldest brother Cleomenes, whose sudden and mysterious death made Leonidas king. Recent books and movies on the subject tend to leave out the facts that Leonidas was a twin and that his wife Gorgo was Cleomenes daughter, making her Leonidas niece. Though Leonidas is a character in The Wandering King, this is not his story. The novel is told from the perspective of Leonidas nephew, Euryanax, who is mentioned by Herodotus as a Greek commander at the climactic Battle of Plataea during the Persian War. The novel begins: I am called Euryanax and I am a Spartan. In the Dorian tongue, eury means wandering and anax means king. The Wandering King. From my name comes my story. The first book in the series, Summer, Harvest, War, is based on events that take place thirty years before Thermopylae, when Euryanax's father Dorieus and his uncle Cleomenes quarreled over the succession at Sparta and Dorieus left Greece to build a new colony in Libya, where he is the first among the Spartans to go to war with the Persian Empire...
