

The Truly Astonishing Hypothesis (Paperback)

Filesize: 7.82 MB

Reviews

Thorough information for ebook enthusiasts. It is rally fascinating throgh reading through period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Hillard Macejkovic)

THE TRULY ASTONISHING HYPOTHESIS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Truly Astonishing Hypothesis is a non-fiction which collects the Hypothesis from the author s three novels, Link, Village and Bridge, and adds commentary regarding Dr. Francis Crick s book The Astonishing Hypothesis and Jeff Hawkin s brilliant book, On Intelligence. As it says on the back of the book, a hypothesis suggests, it doesn t prove. It should be provisionally accepted as true to see where it leads. The Truly Astonishing Hypothesis suggests answers to these many questions: Who are we? Who is God? Is there life after death? What is the process of dying like? What is really wrong with a cancerous cell? How can the brain recall distant memories instantly? How is extemporaneous speech possible? How are many parts of the neocortex bound together? Do we have a soul? What is the soul? What is the purpose of the soul? If our brain is injured, why can t we recall certain things? How can the DNA in a zygote produce a living, thinking human being? Is there a spiritual state? Why is a chromosome structured the way it is? Do we remember every event in our lives? How can memories be transferred through a transplant? What are ancestral memories? How can savants know what was never experienced by them? Are memories stored in the brain? How is conscious thought possible? How can the brain perform difficult tasks in 100 steps? How does growth and healing occur? What happens at conception? Why do we seem to have some talents of our ancestors? How does a stem cell know what to become? What directs a cell during the division process? Why do we need to sleep? Why do...
