It generally is 7 percent (3 percent in the case of certain public utilities) of investments in new tangible personal property (except livestock) and depreciable real property, except buildings and structural components of buildings, used in manufacturing, production, extraction, transportation, communications, and certain other services. No credit is allowed for property with a useful life of less than 4 years, nor generally for replacements (to the extent of insurance proceeds) of property destroyed by fire or other casualty or stolen. For property with a life of 4 to 6 years, one-third of the investment is taken into account; for property of 6 to 8 years, two-thirds is taken into account; and...

Reviews

This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.
