## SUBLIMINAL: HOW YOUR UNCONSCIOUS MIND RULES YOUR BEHAVIOR (PAPERBACK)

Random House USA Inc, United States, 2013. Paperback. Condition: New. Reprint. Language: English . Brand New Book. From the bestselling author of *The Drunkard's Walk* and coauthor of *The Grand Design* (with Stephen Hawking), a startling and eye-opening examination of how the unconscious mind shapes our experience of the world. Winner of the 2013 PEN/E.O. Wilson Literary Science Writing Award Over the past two decades of neurological research, it has become increasingly clear that the way we experience the world--our perception, behavior, memory, and social judgment--is largely driven by the mind's subliminal processes and not by the conscious ones, as we have long believed. In *Subliminal*, Leonard Mlodinow employs his signature concise, accessible explanations of the most obscure scientific subjects to unravel the complexities of the subliminal mind. In the process he shows the many ways it influences how we misperceive our relationships with family, friends, and business associates; how we misunderstand the reasons for our investment decisions; and how we misremember important events--along the way, changing our view of ourselves and the world around us.
