The hearings concern fundamental tax reform and other tax issues. Part I of the pamphlet discusses the general objectives of comprehensive tax reform. Part II describes the basic characteristics of base broadening and rate reduction proposals. Part III analyzes some important issues in considering major modifications to the income tax. Part IV deals with problems of making a transition from the present system to a new system. The Appendix summarizes both the Treasury Department's proposal (November 1984) for tax reform and comprehensive tax reform bills which have been introduced so far during the 99th Congress. The pamphlet concludes with a short bibliography of publications relating to material discussed in the text.
