Poisoned Pen Press, United States, 2012. Paperback. Condition: New. Large type / large print edition. Language: English . Brand New Book. Praise for Bonereapers. Quirky yet authentic characters. -Bill Cameron, award-winning author of County Line and Day One Anthropologist Dinah Pelerin had no idea when she left sunny Hawaii for Norway that she would get a crash course in the politics of genetic engineering and the Doomsday Seed Vault. Nor that she would become embroiled in the marital troubles of an American presidential candidate and his wife.or that a body would tumble out of the hotel sauna into her arms. In late December, Polar Night wraps the town of Longyearbyen like a lead blanket. Bodies don t decompose in the permafrost, so the dead are shipped south for burial. Soon two murder victims are headed south. Who has killed them and why? Dinah must untangle the knot of motives and pretenses fast or suspicion will bury her so deep she ll never see daylight again. Jeanne Matthews was born and raised in Georgia. She currently lives in Washington state.
