Reviews

Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

Dowser s Apprentice takes us directly yet deeply into daily life with news of canyon and desert, crop dust, and snow. Hurry up and break / into life the poems say. They steady themselves in the sky (It s a night of fat, bright planets), look up to the sun and stars (The Milky Way above us - / that s our shadow river), and move across the land, from rural California to the undulant, green Pyrenees, to make a cosmology that we can all share. - Joyce Jenkins, editor of Poetry Flash.
