Far from clinical- a raw and comical memoir filled with inspiration, hands-on advice, and reality entertainment. Laugh, cry, and celebrate your way to dating over 50! After a 20-year marriage to her high school sweetheart, Susu finds herself single again, and at the age of 50 bravely decides to enter the unknown world of online dating. The hilarious stories and heartfelt insights she unveils-after dating well over 200 men in five years-will both inspire and entertain men and women alike. Susu shoots straight from the hip, offering dating advice as told through the vulnerability of her own life story. She reveals how the traditional mindset about women over 50 being invisible has tumbled, and how this particular age group can approach the world of dating in a sexy, intelligent, and vivacious manner. After going on literally hundreds of dates she divulges juicy revelations regarding what men really think about women, what kind of men to shoot for, as well as which ones to avoid. More importantly she explains how internet dating has changed the way we look for love-whether we like it or not! Let her humor and hands-on advice motivate you to get on board and shake up the way you currently think about dating over 50. Be prepared to laugh, cry, and take off on your own dating adventure, as you turn the pages of this honest, humorous, and telling memoir.
