What There Is Before There Is Anything There: A Scary Story (Hardback)

By Liniers

GROUNDWOOD BOOKS, United States, 2014. Hardback. Condition: New. Translation. Language: English . Brand New Book. Every night when his parents turn off the light, strange creatures descend from the black space where the ceiling used to be . . . First comes one, then another, and then more and more. They stand all around him, staring, not saying a word. And then, worst of all, comes the dark, shapeless one that tells him, I am what s there before there is anything there . . . Liniers art, reminiscent of Herge and other great comic book artists, feelingly portrays the little boy s growing terror and his frantic dash for his parents bedroom. Combined with hand-lettering, it creates the feeling of a graphic novel for very young readers. Destined to become a classic about nighttime fears (like Paul Galdone s The Teeny-Tiny Woman), this story resonates with young children afraid of the dark. They re reassured to see that, although the little boy s fears don t go away, he does find a way to cope with them.

Reviews

This publication is definitely not effortless to get going on looking at but really exciting to read through. It really is rally intriguing through looking at time period. Its been written in an remarkably straightforward way which is just soon after i finished reading through this book where basically altered me, change the way i think.

The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).
