While growing up, Johnel Anderson had vague feelings of being somehow very important but doubted these feelings and carried them into his adulthood along with thoughts of divine appointment balanced by impending doom. Seeing signs that confirm being directed toward divine destiny and forced into the realm of spiritual warfare, Johnel senses that a vale is being lifted and an unseen world begins to emerge which challenges his doubts and stimulates his imagination. Many are watching and seeking signs of an Apocalypse that will usher in a One World Government. As current events weave themselves into signposts that scream the time is near, parallels emerge that push denial aside and make plain the Apocalypse is now an event horizon. Denial breaks and Johnel is forced to submit that he possess great power given from above and is forced to use this power to battle the Euro Ten, who, along with Russia and China, plan to invade and occupy America who block their plans to start a New World Order. The North American Continental Plate slides violently causing earth quakes to devastate the United States. The Euro Ten make their move. Legion of One II is book two of the Legion series which includes family, faith, and a twist in the Rapture doctrine being talked about more and more in Christian circles today.
