

The Most Southern Place on Earth: The Mississippi Delta and the Roots of Regional Identity

Filesize: 5.85 MB

Reviews

Absolutely among the finest pdf I have got possibly read. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Prof. Lois Cormier II)

Oxford University Press, 1994. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This is a solidly researched and well-written book that delineates one of the most disturbing chapters and places in American history. It deserves to be widely read not only as a story of this most southern place but also as a story of the United States."--The Journal of Southwest Georgia History "The work is best as a clear-thinking and sensitive history of racial and worker exploitation and as an argument that such exploitation has not been a great exception to the rest of American history but a particularly vivid culmination of it."--Ted Ownby, University of Mississippi "Well researched, great little details and stories make it fascinating. A good historical perspective of Delta region."--Ron Bernthal, Sullivan County Community College "Fascinating."--Philip Scranton, Rutgers University "Well written, and an excellent addition to the literature on the South since the Civil War. A must read!"--J. Paul Leslie, Nicholls State University "A lively, compassionate and disturbing book based on a wealth of sources."--The New York Times Book Review "Extensive, engrossing, and literate."--Stephen J. Whitfield, Brandeis University "An enthralling new history. Cobb's well-researched, well-written book is 'must' reading for anyone interested in the Delta."--Lexington Herald-Leader "Cobb, painstakingly lays out the historical roots for the Delta's huge impact on American history. Fascinating history."--Fanfare "Fulfilling the ironic meaning of the title, James Cobb provides the first comprehensive history of the Mississippi Delta to appear in half a century. His exposition of the often misunderstood sharecrop and tenant systems is a much needed contribution, but the sections devoted to the Delta's distinctive cultural life, both white and black, are outstanding. Like some of the notable works by Delta writers, whom Cobb discusses, The Most Southern Place on Earth will take its place among the classic texts in Southern studies."--Bertram Wyatt-Brown, University of Florida, author of...
