By Ceriel van Arneman

AUTHORHOUSE, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Welcome to A Manual on Exposure in Photography. This book is unique and describes photography on a high level; it teaches how to observe sharply. This manual explains the theory and practice of setting the correct exposure for camera and Flash-gun. With the current filters, and film material, it is possible to take pictures under almost all circumstances. You can read how to use light, colour and photographic position, with minimum resources professional exposure and photographing. I myself take photos with all types of cameras; even with the Twin - lens reflex camera with two lenses used in the past. This book is intended for beginners and advanced; for all types of cameras and technical matters. This book describes the essence of digital photography: how to obtain the best results with your camera and avoid errors. Digital photography is a pleasure as you can edit your photos to suit your wishes. The book describes several themes of photography: vacations, weddings and parties, studio photography, landscapes, flowers, animals, close ups, and much more. In addition, as a beginner you can also read how to...
