Reviews

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Image Comics, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. Kelly Sue DeConnick (Avengers Assemble, Captain Marvel) and Emma Rios (Dr. Strange, Osborn) present the collected opening arc of their surprise-hit series that marries the magical realism of Sandman with the western brutality of Preacher. Death's daughter rides the wind on a horse made of smoke and her face bears the skull marks of her father. Her origin story is a tale of retribution as beautifully lush as it is unflinchingly savage. It's a perfect match for the gorgeous, dizzying artwork in a sumptuous palette-overlaid panels add intricate choreography to fight scenes, and detailed, whirling splash pages beg for long-lingering looks. Couple that, along with a handful of Eisner nominations, with a multicultural cast of tough-as-nails women who all fight for their own honor, and this is a series to watch out for. - Booklist It's ambitious and challenging (two qualities that are not often valued, but that probably should be), under a facade of violence and sacrifice. Rio's art is lush and detailed, and is more than capable of keeping up with the far-reaching story. - PW.
