

Foreign Crops and Markets, Vol. 40: January 27, 1940 (Classic Reprint) (Hardback)

Filesize: 6.36 MB

Reviews

The most effective book i at any time read through. It is definitely simplistic but surprises in the fifty percent from the ebook. Your daily life span will probably be enhance once you full reading this ebook.
(Jules Dietrich V)

FOREIGN CROPS AND MARKETS, VOL. 40: JANUARY 27, 1940 (CLASSIC REPRINT) (HARDBACK)**DOWNLOAD**

FBC LTD, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Foreign Crops and Markets, Vol. 40: January 27, 1940 The third estimate of the 1939 wheat crop in Canada is now placed at bushels by the Dominion Bureau of Statistics. This figure represents an upward revision of about 11 million bushels from the second estimate issued last November, and results largely from an increase in the estimate for Saskatchewan. The 1939 wheat crop is around 130 million bushels above the 1938 harvest of bushels and is the second largest wheat crop so far produced in Canada. An upward revision of 10 million bushels has also been made for the 1938 crop, which in turn increases the 1939 carry-over, and, together with the larger 1939 crop estimate, indicates an extra 20 million bushels in the exportable surplus for 1939-40. Other crop revisions at this time were not very large. The third estimate of the 1939 oat crop in Canada is placed at bushels, a decrease of bushels from the November estimate. Barley production at bushels is practically unchanged from the second estimate and is not greatly different from the 1938 outturn. The 1939 rye crop at bushels is over 4 million bushels larger than the 1938 harvest, due to an increase in acreage. Flaxseed production at bushels shows a substantial increase over the 1938 crop of bushels For a table of the third Canadian grain estimates with comparisons, see page 101. In reviewing 1939 crop developments, the Dominion Bureau of Statistics points out that the season was relatively favorable throughout Canada with no major areas experiencing partial crop failure as in recent years. The outstanding feature of the season, of course, was the production of a bumper wheat crop in...
