Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Contribution to the Geologic History of the Floridian Plateau This paper is the outgrowth of my association with two organizations, the United States Geological Survey and the Carnegie Institution of Washington. As Geologist in charge of Coastal Plain Investigations of the former organization, I have had unusual opportunities to familiarize myself with the geology of Florida, supplementing my previous field work in the State by several additional trips. I supervised and participated in the preparation of a report on the stratigraphic geology and a geologic map of the State, done in cooperation between the United States Geological Survey and the Florida State Survey, by Messrs. George Charlton Matson, Frederick G. Clapp, and Samuel Sanford. I have therefore had at my disposal not only the results of my personal work for the Geological Survey, but also those of Messrs. Matson, Clapp, and Sanford. The information derived from my association with the United States Geological Survey is here utilized with the permission of the Director of that Bureau, and my hearty thanks are extended to him for the privilege. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
