OCEANS OF RED: DEMON REVOLUTION (PAPERBACK)

Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The world didn't descend into darkness when it died. It flooded with red. Oceans upon oceans of red. At first, the so-called experts thought it was a disease. People all over the planet began waking up with glowing red eyes. There was no rhyme or reason to it. No patient zero. No virus to track. Just those ghoulish red eyes and a slight, albeit creepy, change in personality. It spread like wildfire through those in powerful positions before trickling down to the rest of us. With all the 2012 hysteria, most of us waited anxiously to see if all the newly red-eyed people would go zombie on us and start eating the faces of everyone around them. But it wasn't zombies. Zombies would have been a cakewalk. Contrary to popular belief, monsters are real and they had finally crawled out of the depths of hell. I am Remy Martin and this is how we tried to save humanity.
