Excerpt: . pass the lacteals and other finer vessels, nor yet, perhaps, readily impart those virtues to a menstruum, that may with safety and speed convey them throughout the human body. Upon all which accounts, I believe tar-water will be found to have singular advantages. It is observed that acid spirits prove the stronger, by how much the greater degree of heat is required to raise them. And indeed, there seemeth to be no acid more gentle than this, obtained by the simple affusion of cold water; which carries off from the subject tha most light and subtile parts, and, if one may so speak, the very flower of it s specific qualities. And here it is to be noted, that the volatile salt and spirit of vegetables do, by. gently stimulating the solids, attenuate the fluids contained in them, and promote secretions, and that...
