Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. This was a process level - how to - book about the inner child healing approach discovered by Robert Burney in his recovery from codependency. It is a follow up to his book Codependence: The Dance of Wounded Souls which has been described as one of the most transformational books of our times - and as taking inner child healing to a new level. The approach to inner child / emotional healing shared herein is the missing piece - the missing perspective - of the puzzle of life that so many people have been seeking. This formula is the key to learning how to be more Loving to your self - and to turning life into an adventure to be experienced instead of an ordeal of suffering to be endured. It is possible to feel the feelings without being the victim of them...
