Brand New Book ***** Print on Demand *****.Excerpt from In Defense of Medical Botany The design of this work is to profit the many thousand persons who are suffering from diseases of every kind, even to the advanced or chronic stage. I presume that every man, woman, and child farmer, mechanic and day laborer, as well as professional men, have a right to acquire all the knowledge it is in their power to grasp. My object is also to teach the many that a large number of these valuable herbs, roots, barks, leaves and flowers, grow within the immediate reach of those who may be unfortunate enough to need them to heal their ailments. Every person's physical organization is his own, and he has a right to understand it, and most especially hygiene and Nature's remedies that will.
