

The Scope of Tolerance: Studies on the Costs of Free Expression and Freedom of the Press (Paperback)

Filesize: 5.27 MB

Reviews

*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).

Taylor Francis Ltd, United Kingdom, 2005. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book ***** Print on Demand *****.One of the dangers in any political system is that the principles that underlie and characterize it may, through their application, bring about its destruction. Liberal democracy is no exception. Moreover, because democracy is relatively a young phenomenon, it lacks experience in dealing with pitfalls involved in the working of the system - the catch of democracy. This is an interdisciplinary study concerned with the limits of tolerance, this democratic catch , and the costs of freedom of expression. Rights are costly, and someone must pay for them. We can and should ask about the justification for bearing the costs, weighing them against the harms inflicted upon society as a result of a wide scope of tolerance. While recognizing that we have the need to express ourselves, we should also inquire about the justifications for tolerating the damaging speech and whether these are weighty enough. This book combines theory and practice, examining issues of contention from philosophical, legal and media perspectives and covers such issues as: * media invasion into one s privacy * offensive speech * incitement * hate speech * holocaust denial * media coverage of terrorism. This book is essential reading for anyone who has research interests in political theory, extremism, and free speech.
