Dr Ludwig Reichert, Germany, 2015. Paperback. Condition: New. Language: German . Brand New Book. English summary: This book uses modern methods of adult education in the field of historical linguistics. It presents a variety of tasks, easy-to-understand exercises and work instructions as well as clear tables and precise descriptions of the development of the Attic language. Step by step the user is introduced deeper into the complicated developments of the Attic language. By applying the structures of language development over and over again the user learns the matter by doing it. The exercises, in which Attics word are deduced from their Indo-European pre-forms, are structured as puzzles that must be solved. The single-step method allows the user to analyze each derivation step exactly as a number always refers to an index of all the Greek sound laws which can be found at the end of the book. In each teaching unit the left page contains the explanations and descriptions of Latin sound laws and the right page offers exercises to train the learning matter. Sound laws, which are explained in other units, are additionally given on the exercise pages. Answers to all the exercises are included in the book. The comprehensive index includes all Greek sound laws and is referred to in every step of a phonological derivation as well as in all the explanations. The index can be used for reference as well. The structure of the book is intentionally identical to the Latin Historical Phonology Workbook which is also published in the Reichert Verlag. In this way, not only the parallelism of many developments can be compared with each other at first glance but the user can start working with the book directly without having to deal with any new types of tasks. The book is suitable for...
