

A Clinician s Guide to Systemic Sex Therapy (Paperback)

Filesize: 5.22 MB

Reviews

This book is fantastic. This is certainly for all those who statte there had not been a really worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Prof. Dale Fahey MD)

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Condition: New. 2nd New edition. Language: English . Brand New Book. The second edition of A Clinician s Guide to Systemic Sex Therapy has been completely revised, updated, and expanded. This volume is written for beginning psychotherapy practitioners in order to guide them through the complexities of sex therapy and help them to be more efficient in their treatment. The authors offer a unique theoretical approach to understanding and treating sexual problems from a systemic perspective, incorporating the multifaceted perspectives of the individual client, the couple, the family, and the other contextual factors. Both beginning and experienced sex/relationship therapists will broaden their perspectives with the Intersystem approach and gain information rarely seen in sex therapy texts such as: how to thoroughly assess each sexual disorder, the implementation of various treatment principles and techniques, how to incorporate homework, dealing with ethical dilemmas, understanding different expressions of sexual behavior, and addressing the impact of medical problems on sexuality. Aside from bringing the diagnostic criteria up-to-date with the DSM 5, this new edition contains a new chapter on sensate focus, an expanded section on assessment, more information about development across the lifespan, and more focus on diversity issues throughout the text.
