## Building Performance in the 1972 Managua Earthquake (Classic Reprint) (Paperback)

By Richard Newport Wright

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Building Performance in the 1972 Managua Earthquake Nicaragua, shown in figure 1, is the largest of the Central American republics. Its area is approximately sq. Miles and its population was 2 million in a 1972 estimate Managua is located in the western central portion of the country at the south edge of Lake Managua. A chain of volcanoes traverses Nicaragua from the northwest to the southeast. As noted by the Geological Survey Managua earthquakes may arise from the discontinuity in the line of volcanoes near Managua. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
