

California Garden-Flowers, Shrubs, Trees and Vines: Being Mainly Suggestions for Working Amateurs (Classic Reprint) (Paperback)

By E J Wickson

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from California Garden-Flowers, Shrubs, Trees and Vines: Being Mainly Suggestions for Working Amateurs Thus the writer avoids the perilous heights of science whence the botanists continually bring unique and beautiful plants for common use and dispense accurate knowledge of all plants which is of great value. Thus also he avoids the miry lowlands, where the ?orist works with acres of glass, tons of heating iron, and pyramids of fertilizers to create monsters, which save amateurs from too great conceit in their own achievements. Between the two lie the mesas of moderate effort and moderate investment upon which anyone, with a love for it can grow in California, through the whole circle of the year, by the square foot or by the acre, as his available space may be, ?owers to delight his heart, to comfort his wife and to educate his children. Great as is California in her endowment of nature s handiwork in ?owers, great as is the opportunity she offers for striking achievements in the higher arts of ?ower-growing, unquestionably her greatest gift to her people is active participation with...

Reviews

This pdf is amazing. I actually have read and i also am sure that i am going to planning to read once more yet again in the foreseeable future. Your lifestyle period will probably be convert once you total looking at this publication.

-- **Ms. Aileen Larkin**

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).
