## LASER - SURFACE INTERACTIONS

Springer Netherlands Aug 2016, 2016. Taschenbuch. Condition: Neu. Neuware - This book is about the interaction of laser radiation with various surfaces at variable parameters of radiation. As a basic principle of classification we chose the energetic or intensity level of interaction of laser radiation with the surfaces. These two characteristics of laser radiation are the most important parameters defining entire spectrum of the processes occurring on the surfaces during interaction with electromagnetic waves. This is a first book containing...
