SNAPSHOTS (PAPERBACK)

Cosmic Teapot Publishing, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. On a trail of relics and ruins, Snapshots is a travel diary delineating my journeys of four major continents. A travel through the ancient, the medieval, the renaissance and the modern; an historical account of these continents has been noted in this diary. Primarily, it is the palaces, the mosques, the churches, the temples and the museums; however, heritage forests and sea beaches have also found their ways into this diary. People s views and perceptions, which they have enthusiastically shared with me, a stream of consciousness technique has been applied in presenting a few segments in order to exhibit my internal monologue. With my rendering, these accounts have been compiled as chronicles of a motley collection. On rare occasion, culinary descriptions have been jotted. Time is of the essence. And on a timeline of this journey, specific dates have been drawn. As great distances have been covered, it has taken a long time for this travelogue to evolve. Dynamic in its own right, at the end of each traverse, another began anew and recorded here. My journey begins in Europe, then to North America, Australia and ends in the sub-continent.
