Rowman & Littlefield Publishers. Paperback. Book Condition: New. Paperback. 336 pages. Dimensions: 8.7in. x 5.8in. x 0.8in. In God We Trust The separation of church and state is a widely contested topic in the American political arena. Whether for or against, debaters frequently base their arguments in the Constitution and the principles of the American founding. However, Americans perception of the founding has narrowed greatly over the years, focusing on a handful of eminent statesmen. By exploring the work of nine founding fathers, including often overlooked figures like John Carroll and George Mason, The Founders on God and Government provides a more complete picture of Americas origins. The contributors, all noted scholars, examine the lives of individual founders and investigate the relationship between their religious beliefs and political thought. Bringing together original documents and analytical essays, this book is an excellent addition to the library of literature on the founding, and sheds new light on religions contributions to American civic culture. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
