Partridge India, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Whispers from the Mountains is a collection of poems based on the ethereal beauty of Arunachal Pradesh, a state located in the far northeastern part of India, where the sun first makes its first entrance in the country kissing the gleaming peaks of the high rugged mountains of the state. It is a collection of poems which more or less relate to the amazing vistas of the Himalayan state and the effects of modernism creeping into that fabled land of our forefathers. The poems are mostly an expression of the celebration of nature, of life, and living in today's world.
