

Disaster Nursing and Emergency Preparedness for Chemical, Biological, and Radiological Terrorism and Other Hazards (3rd edition)

By Tener Goodwin Veenema

Springer Publishing Co Inc. Hardback. Book Condition: new. BRAND NEW, Disaster Nursing and Emergency Preparedness for Chemical, Biological, and Radiological Terrorism and Other Hazards (3rd edition), Tener Goodwin Veenema, Awarded first place in the 2013 AJN Book of the Year Awards in the Environmental Health category, and second place in the Community-Public Health category "What a wonderful resource!"--Doody's Medical Reviews "In this third edition, Dr. Veenema continues her mission to help our nation's nurses develop the knowledge and skills needed to efficiently and effectively respond to disasters. Many times nurses assume that they aren't emergency responders, so they don't need to understand how the system works. When a disaster strikes a community--whether it's a bus accident, a tornado, a hurricane or terrorist attack--nurses will be on the front lines helping those who are in need. To protect themselves, their families and their communities, nurses need to understand the principles and content of this comprehensive textbook. I encourage all nurses to develop the knowledge and skills presented here that are needed to achieve the vision of resilient communities outlined in the National Health Security Strategy." From the Foreword by Ann R. Knebel, RN, DNSc, FAAN Deputy Director with the Office of the Assistant...

Reviews

This is the very best publication we have read through right up until now. It is one of the most incredible book we have read through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Miss Celia Volkman

Undoubtedly, this is the best function by any writer. This really is for those who state there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.

-- Dr. Deonte Hammes DDS
