Wipf Stock Publishers, 2017. Paperback. Condition: New. Language: English . Brand New Book. Have you ever wondered what it is like to work on a nuclear power plant? Robert Dutch worked in the UK s nuclear industry for many years as a scientist and then as a tutor at a nuclear training center. He also holds degrees in theology. Drawing upon his qualifications and experience Robert addresses the controversial issue of nuclear power from a Christian perspective. In contrast to a negative nuclear narrative often portrayed, he presents a positive nuclear narrative alongside other ways of generating electricity. Be prepared to be challenged to think seriously about nuclear s merits in providing clean, low-carbon electricity. A wide-ranging, comprehensive, and informative exploration of nuclear energy for the non-specialist. There is an open examination of the pros and cons of the nuclear power industry. Robert Dutch emphasizes the positive, acknowledges the negative, and advocates the key role of a nuclear source of electricity in the fight against anthropogenic climate change. This is an immediate and easy-to-read introduction to the subject, which will greatly help Christian leaders to engage with the debate. --John Weaver, Baptist minister; chair of the John Ray Initiative Dutch covers an impressive amount of ground in this short book, without sacrificing detail or clarity. His positive nuclear narrative challenges common assumptions and helps us to think more deeply and openly about nuclear power as part of an energy mix that could mitigate the pressing problem of climate change while there is still time. --John J. Bimson, Associate Research Fellow, Trinity College, Bristol Dutch has written a timely, significant book. His work helps us to think through the role that nuclear power might play in solving our energy crisis. As a nuclear scientist and theologian, Rob is the right person...
