

Time's Up!: An Uncivilized Solution to a Global Crisis

By Keith Farnish

Green Books. Paperback. Book Condition: new. BRAND NEW, Time's Up!: An Uncivilized Solution to a Global Crisis, Keith Farnish, This is not an environmental book, even though it is concerned with the environment. It is not a book to save the world, even though the world is clearly in trouble.

Ultimately, Time's Up! is a book about survival; about ensuring that every individual human has the means to save herself or himself from the global crisis that is unfolding. People know that the climate is changing, that species are being removed from the Earth at a rapidly increasing rate, that entire ecosystems are becoming shadows of their former richness; they know, but they do not understand. The global environmental crisis is closing in on humanity from all directions, yet the crisis barely registers on this culture's list of problems. As we stand, humanity is doomed to a collapse that will leave only a few nomads, and a toxic, barely survivable Earth in its wake. So why is nothing being done beyond changing light bulbs, recycling and buying organic food? It's certainly not for a lack of good reasons. Humans have no motivation stronger than survival, yet the culture that dominates...

Reviews

Comprehensive manual! Its this sort of excellent read through. We have read through and i also am certain that i will going to read through once more again later on. You wont sense monotony at at any time of your time (that's what catalogs are for regarding in the event you question me).

-- Prof. Geraldine Monahan

Simply no terms to explain. I am quite late in start reading this one, but better then never. Its been written in an remarkably easy way and is particularly merely soon after i finished reading this book where basically changed me, affect the way i really believe.
