### Reviews

*The ebook is fantastic and great. I am quite late in start reading this one, but better then never. Your life period will probably be convert as soon as you comprehensive reading this ebook.*

*(Dr. Albertha Hoppe)*

## ASTROLOGY MATH MADE EASY

Serendipity Press. Paperback. Condition: New. 124 pages. Dimensions: 10.9in. x 8.0in. x 0.4in. Dont Panic! This workbook is designed to help you to overcome your fears about astrology math. If you didnt have at least some fears about learning how to calculate charts by hand, you wouldnt be reading this book. This is nothing to be ashamed of. Unless you have kids in high school, the last time you were presented with an algebra problem was probably when you were in high school. And face it: you probably hated it then, too. This will be much easier for you than it was in high school. For one thing, youre allowed (and even expected) to use a calculator here. Math is, in fact, your friend. Granted, its the kind of friend that wakes you up in the middle of the night, raids your refrigerator and then passes out on your living room floor, but its still your friend. And if youre serious about learning astrology, you do have to be able to do the math-or at the very least understand how the math is done. This workbook will teach you all of the astrology math you will ever need. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
