This is because most of us have a mindset that fats and oils in our food are definitely items to be avoided by any sensible person who is bothered about the state of his health. Well, the answer is that that we have become so obsessed about weight loss and weight gain, that we have forgotten one main medical truth. Our body cannot do without fat, and that is the reason why any diet which talks about 0 fat is not going to be helpful to our bodies. That is because our bodies are genetically and naturally programmed to have a layer of subcutaneous fat, which we normally...
