MALI: MALARIA OPERATIONAL PLAN FY 2014

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Malaria prevention and control is a major foreign assistance objective of the U.S. Government. Programming of PMI activities follows the core principles of GHI: encouraging country ownership and investing in country-led plans and health systems; increasing impact and efficiency through strategic coordination and programmatic integration; strengthening and leveraging key partnerships, multilateral organizations, and private contributions; implementing a woman- and girl-centered approach; improving monitoring and evaluation; and promoting research and innovation. PMI began supporting activities in Mali in 2007 in close collaboration with the National Malaria Control Program (NMCP) as well as international and national partners. With the coup d'etat of March 22, 2012, in which the democratically elected president was overthrown by the military, the U.S. Government and many...
