Don't believe it! I'm Reece Daniels a homicide detective with the LAPD. I've always believed we'll get the bad guy. And we usually do. That is until recently. When a young woman's body is found in an alley downtown things take a dramatic turn for the worse. A body in an alley? Nothing unusual about that. Happens regularly in LA. Unfortunately. What is unusual is the way she died. Me and my partner, Dave Colson, are hunting a gruesome maniac. And without any suspects we're chasing our tails. Our investigation leads us to a well-known hospital and to Doctor Andre Delacroix. He's worked with the victim before. There's something about him I can't put my finger on. But I'll figure it out, eventually. There's more to him than what you see. I know he has information crucial to the case. Don't ask me how I know, I just do. Will his conscience get the better of him or will he continue to hide what he knows? Can Dave and I track down the killer before it's too late or is he already right under our noses?.
