Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This satirical short novel displays a side of Cooper unfamiliar to many modern readers. It is told from the point of view of an actual handkerchief: its origins in a French flax field, how it was passed around New York City society in the 1830s, and its eventual return to its maker. In this story, Cooper makes a point of ridiculing Victorian materialism-which places value on consumption, not production.
