

Emergency Care for Trauma Patients: Essential Emergency Medical Care Services (Paperback)

By Dr Johh Paul MD

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Trauma cuts across all national boundaries. Many developing and 3rd world countries have a greater proportion of road traffic accidents and industrial related trauma in a generally younger population. The management/care of severe multiple injured patients require clear recognition and understanding of treatment priorities and the goal here is to determine during the initial assessment those injuries that are life threatening the patient. Mortality associated with such trauma can be reduced by early and effective medical intervention. This manual intends to provide basic knowledge and skills set which is necessary to identify and treat those traumatized patients who require rapid evaluation, quick resuscitation and stabilization of their injuries. This Manual will particularly highlight the need for early warnings, recognition and timely intervention in life-threatening conditions before it s too late. It provides basic foundation on which doctors, nurses and allied health workers can build knowledge and skills for trauma management with minimal equipment and without advanced and sophisticated technological requirements. There are several other very successful and well organized trauma courses and manuals available, including the American College of Surgeons ATLS(TM) course...
