

GMC Caballero

By Frederic P. Miller

Alphascript Publishing Nov 2009, 2009. Taschenbuch. Condition: Neu. Neuware - The GMC Caballero is a version of the Chevrolet El Camino coupe utility, built and sold by GMC Truck dealers mainly in the United States and Canada during the 1978-1987 model years. GMC had previously offered a version of the El Camino from 1971-1977 as the Sprint, but renamed it as the Caballero for 1978 when the line was redesigned along with the rest of its GM A platform relatives. (When the A platform switched to front-wheel drive for 1982, the rear-drive models of that series became known as the G platform to avoid confusion). 120 pp. Englisch.

Simply no phrases to explain. It is definitely simplistic but shocks from the fifty percent from the pdf. You may like the way the blogger write this ebook.
